# MASS CABINETS, INC.

now in partnership with

**Lab Casework • Flexible Furniture  
Fume Hoods • Lab Accessories**

Mass Cabinets, Inc. is excited to announce our new partnership. Our team is focused on providing premier laboratory metal casework, furniture systems, and fume hoods for the life science industry.

We offer qualified transparent proposals, competitive pricing, and shorter delivery times.

For 33 years in the custom millwork industry, Mass Cabinets, Inc. has serviced general contractors across New England. Providing professional service to each project and for every client is not only a priority, but a passion for Mass Cabinets, Inc. Through its partnership with New York based Lab Crafters we offer complete turnkey lab and millwork packages made in the USA.

## ***About Mass Cabinets, Inc.***

Mass Cabinets, Inc. is an architectural woodworking firm located in Methuen, MA, designing and manufacturing custom cabinets and architectural millwork.

We specialize in fabrication and installation of cabinets, countertops, reception desks, and woodworking for commercial and residential projects. Our clients are general contractors, architects, building owners and private residents.
